Solar Hot Water Systems

Benefits you and the environment.

THE QUALITY CHOICE

Solene products offer a clean, cost-effective way to heat your water. Each system is backed by an unprecedented warranty, giving you peace of mind. Best of all, Solene solar hot water systems are made in the USA and are a product of UMA Solar, one of the leading manufacturers and distributors of solar products.

FANTASTIC FEATURES

1. Super Savings
2. Efficient Durability
3. Neighborhood Friendly

Smaller Power Bills — Solene systems reduce water-heating costs by 75-90%.

Pays for itself — Return on investment can occur in less than 5 years (*based on current cost of energy, electricity, state, and/or utility rebates*).

Tax Credits — Thousands of dollars may be deducted from your tax return.

Top of the line product — Solene uses only the highest rated collectors in the industry.

Fully Automated — Pump and controller are automatically activated by the sun.

Constant Heating — Back-up heating element means you always have hot water, even during extended cloudy periods.

Quality Guaranteed — Our Lifetime Limited Warranty is the best in the industry.

Great Design — Multiple panel sizes and colors integrate nicely with your roof.

Green Smart — Solene harnesses the most powerful, clean, and free-energy source available.
